

## CAMERA-READY ART FOR PRINT ADVERTISEMENTS/MATERIALS

---

MENTOR has two print ads available. One depicts mentoring in a corporate setting; the other depicts mentoring in a school environment. Developed by Margeotes/Fertitta, the ads can be localized and can be used in full-, half- or quarter-page formats.

Keep in mind that advertising can be effective in local newspapers, magazines, trade publications and corporate newsletters. Ads also can be used as bulletin board posters for companies, university campuses, civic organizations, schools, county recreational facilities, libraries, etc.

In addition, consider asking another organization to sponsor mentoring ads for bus and rail transit signage and billboards.

These ads are included on this disc. To open and customize them for your organization, you must use Quark.
